

**Please join the Indiana Medical Device Manufacturers Council (IMDMC) and the
Indiana Health Industry Forum (IHIF) for our first
Life Sciences Day at the Indiana State House on February 16, 2012.**

Overview:

The day will begin at 10:30 am with a private legislative briefing for IHIF/IMDMC members at the Hilton Hotel in downtown Indianapolis and followed by a buffet luncheon with legislators in the State House Rotunda. The event is co-hosted by the Indiana Medical Device Manufacturers Council (IMDMC) and the Indiana Health Industry Forum (IHIF). This gathering will provide a unique opportunity to build new business relationships, support the life sciences industry, educate our legislators about our industry, and discuss issues important to our companies. This day reflects a key event in our effort to strengthen the Indiana life sciences sector

Given the numerous issues confronting the legislature, the life sciences/device manufacturing community must be vigilant in building our relationships with policy makers and monitoring state issues critical to the life sciences sector.

Agenda:

This year's Legislative Briefing at the Hilton Hotel will include key legislative leaders such as Speaker of the House Brian Bosma, Life Sciences Interest Group/Caucus Chair Representative Peggy Welch, and invited guest Senator Pat Miller, Chair of the Senate Health & Provider Services Committee.

Registration:

There are no fees to attend this event, although sponsors are being solicited to help defray our costs. Please note that attendees must register online to guarantee their spot.

SPONSORSHIP: Company members are encouraged to sponsor the event. Two levels of sponsorship are available including Gold Sponsorship for \$1,000 and Silver Sponsorship for \$500.

Sponsors will all receive appropriate recognition online, on printed materials and at the event.

Please register to Sponsor or attend the event now!

(Sponsorship options are provided on the primary registration form)
